

PUBLIC NOTICE
Invitation for Sealed Bids on Timber Stumpage

Sealed bids will be accepted by the Oneida County Forestry Department at the Oneida County Courthouse, Second Floor, Room B206, Rhinelander, WI 54501 **UNTIL NOON ON THURSDAY, November 6, 2025**. A timber sale prospectus and bid forms may be obtained by contacting the Forestry Office at the above address or by telephone at (715) 369-6140. Bid packets can be viewed online at <http://www.oneidacountywi.gov>

Oneida County Forest is third party Certified. For information regarding certification, please contact the Forestry Office.

There are 16 tracts of timber for sale in the Towns of Cassian, Enterprise, Lake Tomahawk, Little Rice, Lynne and Woodboro, comprising approximately 1,500 acres. Total volume estimates are as follows:

Aspen	26,795 Tons	Pine, White	775 Tons
Balsam Fir	1,175 Tons	Spruce, Black	280 Tons
Basswood	1,715 Tons	Tamarack	675 Tons
Maple, Red	45 Tons	-----	
Mixed Hwd	16,590 Tons	Basswood Logs	341 MBF
Oak, Red	210 Tons	Hard Maple Logs	140 MBF
Pine, Red	5,100 Tons	Mixed Hwd Logs	154 MBF

The outside of the envelope must show the tract number and contractor name. Bids must include:

1. Tract number.
2. List of species to be cut and estimated volume.
3. Bid prices per Ton or MBF for each species and product.
4. Signature and address of each bidder.
5. A refundable bid bond in the form of check or cash must accompany each bid for the amount of 5% of the total bid value.

Successful bidders must provide proof of training to the State SFI standards and a completed Wisconsin Sales and Use Tax Exemption Certificate (form S-211) to the county at the time of contract signing. Minimum required deposit is 25% of successful bid value for each tract. The Forestry, Land & Recreation Committee reserves the right to reject any or all bids and/or select the bid most advantageous to Oneida County.

Bids will be publicly opened Thursday, November 6, 2025 at 1:00 p.m. in Committee Room #1, 2nd Floor, Oneida County Courthouse, Rhinelander, WI. Successful bids will be awarded at the regularly scheduled Oneida County Forestry, Land & Recreation Committee meeting at 8:00 a.m. on Tuesday, November 11, 2025 in the Oneida County Board Room, 2nd floor, Oneida County Courthouse Rhinelander, WI. Bid results will be posted online at www.oneidacountywi.gov/departments/fr/timber-sales/)

NOTICE FOR SEALED BIDS FOR STUMPAGE ON
ONEIDA COUNTY FOREST LANDS

BID DEADLINE: November 6, 2025 at NOON

Sealed bids will be received by the Oneida County Forestry Committee for the purchase of stumpage on the attached maps of Oneida County Forest Land, in accordance with the conditions set forth by the Committee. Additional information about the cutting areas is available from the Oneida County Forestry Office, PO Box 400, Rhinelander, WI 54501.

A REFUNDABLE BID BOND (CASH OR CHECK), IN THE AMOUNT OF 5% OF THE TOTAL BID VALUE, MUST ACCOMPANY EACH BID.

If your bid is NOT SELECTED, the bid bond will be returned. If your bid is ACCEPTED, your bid bond will be held until the contract is signed on the terms below. If the contract is not signed within the required two (2) week period, your bid bond will be FORFEITED.

12.5 % will be added to the scale of all hand peeled wood. 16% will be added to the scale of all machine peeled wood.

SCALE PAYMENT WILL BE BY THE LOCK BOX HAUL PERMIT SYSTEM.

Irrevocable Letters of Credit and bonds will be considered on an individual basis in lieu of cash deposits.

Letters of Credit must have an expiration date one year past the contract end date.

Certificates of Insurance will be provided by the successful bidder at the signing of the contract, proving adequate liability with the limits of \$1,000,000 bodily injury and \$1,000,000 property damage and Worker's Compensation at statutory limits.

All successful bidders must provide proof of training to the State SFI standards and a completed Wisconsin Sales and Use Tax Exemption Certificate (formS-211) showing tax exemption status at contract signing.

Successful bidders must sign contracts and pay balance of deposit within two weeks of receipt. Contract expiration dates vary from one to four years and may be renewed, with increased rates, at the discretion of the Committee. Total contract period shall be no more than four years from date issued. Upon signing of the contract, a deposit of 25% of the total successful bid value will be required. The minimum rates only apply to jobs sold by competitive bidding.

It is the bidder's responsibility to contact individual towns to determine if there are town ordinances relating to logging operations on town roads. Town contact information can be found on the Oneida County website (www.oneidacountywi.gov) under "Municipalities" or by contacting the Oneida County Clerk at 715-369-6144.

PLEASE NOTE: Oneida County Forest Roads (Bowman Rd, John's Memorial Dr, Zimmer Rd, Shingle Mill Rd, Camp Six Rd, South Exit Rd, Bass Lake Rd, Cruisers Rd and Rozell Rd) *are not maintained in the winter by the County*. It is the responsibility of the Contractor to arrange snow plowing on these roads.

ALL BIDS MUST MEET MINIMUM BID PRICE PER SPECIES AS STATED ON SALE MAPS.

Note: Log specifications - Small end: 10” diameter inside the bark for hardwood and 9” diameter inside the bark for softwoods and capable of making a #3 Grade log. All logs shall be scaled by the County prior to hauling unless otherwise specified.

NOTE: Bids will be publicly opened on Thursday, November 6, 2025 at 1:00 p.m. in Committee Room #1, 2nd Floor, Oneida County Courthouse, Rhinelander, WI. Successful bidders will be announced Tuesday, November 11, 2025 at the regularly scheduled Forestry Committee meeting, scheduled to begin at 8:00 a.m. in the County Board Room, 2nd Floor, Oneida County Courthouse, Rhinelander, WI. Bid results will be posted online at www.oneidacountywi.gov/departments/fr/timber-sales/)

BID DEADLINE: **Thursday, November 6, 2025 at NOON**; Oneida County Forestry Office; PO Box 400, Court House, 2nd Floor, Room B206, Rhinelander, WI 54501.

If you would like to be removed from our stumpage mailing list, complete the information below and return it to:

CITY / STATE / ZIP: _____

ONEIDA COUNTY FORESTRY DEPARTMENT
TIMBER SALE BID FORM

Send completed bids and bid bonds to: Oneida County Forestry, Land & Outdoor Recreation Committee, PO Box 400, Rhinelander, WI 54501

All sales are subject to the following conditions:

1. Only the tree species specified on the timber sale prospectus / map are to be cut. Utilization specifications designated for the sale area must be adhered to.
2. Contractor must comply with Slash Disposal Law, Sec.26.12(b), Wisconsin Statutes.
3. A Refundable Bid Bond must accompany each bid. Bid bond will be of 5% of the total bid value, in the form of a check or cash. A Performance Bond, in the form of cash, check, or letter of credit, equaling 25% of the total bid value is due upon signing of the contract.
4. No forest products shall be removed until scaled and marked by a representative of the Forestry Department and paid for unless otherwise specified in the contract scaling instructions. **NOTE: Log specifications - Small end: 10" diameter inside the bark for hardwood and 9" inside the bark for softwoods and capable of making a #3 grade log.**
5. All timber, marked or otherwise designated by the contract to be cut, shall be cut progressively and to the satisfaction of the representative of the Forestry Department, whether or not the quantity of such timber is more or less than the estimated comprising the operational specifications.
6. Undesignated trees cut or injured through carelessness and designated trees left through carelessness shall be paid for at double the stumpage rate. Timber wasted in tops and stumps shall be paid for at the stumpage rate.
7. Purchaser agrees to assume all liability for any damage or injury to persons or property, real or personal, resulting from Purchaser's operations under this contract and will hold Oneida County harmless from the same. The contractor shall furnish certification to the Oneida County Forestry Department that he / she is adequately insured with a reliable company so that Oneida County shall not be held liable in case of injury or death during and after the contract period. The limits of liability shall be \$1,000,000.00 bodily injury and \$1,000,000.00 property damage. The contractor shall also furnish proof of Workers Compensation Insurance at statutory limits. In the event the Purchaser's insurance is terminated for any reason, he / she shall immediately cease all activities otherwise permitted by the contract and provide written notice to the Forestry Department.
8. Roadways and trails will be kept free from brush, logs, pulp and waste material resulting from the operation. The Purchaser must abide by all rules regarding the use of roads, trails, and fire lanes. Additional constructed roads or trails must meet the approval of the Forestry Department.
9. Contractors will be required to furnish the Forestry Department with proof of SFI Logger Certification and a completed Wisconsin Sales and Use Tax Exemption Certificate (form S-211) showing tax exemption status prior to signing contracts.

TURN OVER FOR SIDE 2

10. If, in the opinion of the Forestry Department, it is deemed that Contract provision are not being adhered to, all logging operations will be suspended. Operations may not be resumed without notification of the Forestry Department.
11. The Forestry Committee shall be the sole judge as to satisfactory compliance of contract conditions.
12. Timber sale contracts cannot be assigned in whole or in part without the consent of the Forestry Committee.
13. Any or all bids may be rejected by the Committee.
14. ALL BIDS PER SPECIES MUST MEET MINIMUM BID PRICE AS STATED ON PROSPECTUS.
15. Sample copies of County timber sale contracts are available for review at the Forestry Office in the Oneida County Court House.
16. All contracts will expire after the term indicated on the sale prospectus / map. One year extensions may be granted at the discretion of the Forestry, Land & Recreation Committee. Stumpage rates will be increased according to the following schedule:

One Year Contract:	1st Extension 5% rate increase
	2nd Extension 10% rate increase
	3rd Extension 15% rate increase
Two Year Contract:	1st Extension 10% rate increase
	2nd Extension 15% rate increase
Three Year Contract:	1st Extension 15% rate increase (No additional extensions)

Total contract period, plus extensions, shall be no more than four years from date issued.

NOTE: The number of bids received per tract will not be revealed prior to bid deadline.

NOTE: Each tract that is bid on will be placed in a sealed envelope marked "Sealed Bid--Tract #__" and have the contractors name and address plainly printed on the front of the envelope.

BIDDER'S NAME, ADDRESS AND TRACT NUMBER MUST BE INCLUDED ON THE OUTSIDE OF THE ENVELOPE.

I submit the following bid on TRACT # _____.

Utilization Specifications being Bid (**circle one**) 4" Top Whole Tree

Note: Make sure to use the volume estimates corresponding to the utilization specifications being bid. Bids must be per ton unless minimum bid is listed only by mbf or cords.

SPECIES	EST. VOLUME	BID/UNIT	SPECIES TOTAL
TOTAL BID			\$
Bid Deposit (5% of Bid Total) – Include with Bid:			\$
Performance Bond (25% of Bid Total) – Due at Contract Signing:			\$

I am aware that 12.5% will be added to the scale of hand-peeled pulpwood and 16% will be added to the scale of machine-peeled pulpwood. I am also aware the schedule of payment for all wood removed will be specified by the Committee on each individual contract.

HARVEST REGULATIONS

- Pine Harvest Area:** (42 acres) Cut all pine and maple 1-inch dbh and greater, red oak >6" dbh, and white birch >6" dbh. Do NOT cut or damage any other species including burr oak and purple painted trees. Average diameter of white pine is 23" and average diameter of red pine is 18".
- Aspen Harvest Area:** (2 acres) No paint line designates this area, only obvious cover type change. Cut all trees 1-inch dbh and greater EXCEPT pine, spruce, cedar, and hemlock.
- Hardwood Regen Areas:** (5 acres) The northernmost Hardwood Regen Area is lined with purple paint and remaining Hardwood Regen Areas are not demarcated in the field by paint or flag lines. Do not cut any trees in these areas. Do not drop trees into or skid trees through these areas.
- Seasonal Restrictions:** Harvesting and hauling is allowed with very dry or frozen ground. Harvesting is not allowed from April 15 to July 15. All pine products cut between May 1 and September 1 must be removed from the sale area within 2 weeks from the time of harvest. Pine products cut during the remainder of the year must be removed prior to May 1 of each year. Further restrictions may be imposed if excessive rutting occurs in the woods, on woods roads or town roads, or if excessive damage to residual trees occurs.
- Roads and Access:** Skidding or decking on Trout Creek Road is permitted only with permission of the Town of Woodboro. All damage to roads must be repaired immediately to the satisfaction of the Town. If decking occurs on town roads, decks must be far enough off the road to prevent safety issues. All bark and debris must be removed from the town road daily and completely at the end of the sale. Existing woods roads may be improved, and landings and turn-arounds constructed with prior approval of the County. All woods roads must be leveled and blocked with rocks or gate if previously blocked at the end of each harvesting season and at the end of the sale. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County. Slash must be pulled back a minimum of 10 feet from the edge of town roads and must be cut to no higher than 2 feet off the ground within 20 feet of this road. Cautionary signs must be placed along Trout Creek Road at both ends of the sale area for the duration of all harvest and trucking operations.
- Utilization:** Utilization on all species is a 100" stick to a 4" top. Whole tree utilization is not allowed. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard. No whole tree skidding is allowed. Maximum of 17' pole length. Utility poles will be dealt with on a case-by-case basis. Any trees felled across the blue painted line must be pulled back completely onto county property before being processed.
- Wetland and Waterway BMPs:** No equipment is allowed to operate within 15 feet of any wetland or ephemeral pond within or adjacent to the sale unless the ground is very dry or frozen. No slash is to be left in any wetland or ephemeral pond.
- Contract:** All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be enforced.

Harvest Regulations:

- Selection Harvest Area:** Cut all trees marked with orange paint, leaving orange visible on the stump, AND all Aspen, Balsam Fir and Ironwood over 1" DBH and Black Ash over 8" DBH. Extreme caution must be used to protect existing regeneration. Excessive damage to regen may result in further equipment restrictions (such as no hot saws), or contract cancellation. Utilization on all species is a 100" stick to a 4" top. NO WHOLE TREE OR POLE LENGTH SKIDDING. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard. Red paint line surrounds sale area.
- Seasonal Restriction:** Dry or frozen ground conditions will be required for harvesting and hauling activities. Harvesting operations are limited to July 15th to the following spring breakup period (approximately March 15). Further time restrictions may be imposed if excessive rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs.
- No new roads are permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Roads must stay within their original footprint and no landings may be constructed north of the red paint line. Roads must be leveled and left in as good or better condition at the end of the sale. Main access road must be blocked with berm or rocks at the end of each harvest season. Bond money will not be returned until all road/landing rehabilitation is complete.
- ABSOLUTELY NO ACTIVITY IS ALLOWED WITHIN THE GREEN LINED EXCLUSION AREAS OR OUTSIDE OF MAIN ACCESS ROAD NORTH OF THE SALE AREA.** This includes no felling of trees into the exclusion areas. These areas have historical features. Any disturbance of the sites will result in immediate contract termination and retention of performance bond. If the contractor discovers any new historical features during this sale, the County must be immediately notified and no operation in the vicinity of the discovery may occur until authorized by the County.
- No equipment or slash is allowed in the wetland areas adjacent to the sale. Equipment may not be operated within 15 feet of any wetland unless ground is dry or frozen.
- Any trees felled across the blue line must be pulled back into the sale area before limbing. No equipment is allowed across the blue line.
- All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

Harvest Regulations:

- Spruce Seed-tree:** Harvest all trees 2" DBH except cedar, hemlock, pine, red oak, birch, or any trees marked with purple paint. **EXTREME CAUTION** must be used to protect the existing regeneration strips and residual trees. Slash must be evenly distributed across the sale area (no large piles). Utilization on all species is a 100" stick to a 4" top. Any den or nest tree shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard. Avoid felling trees into the existing regeneration strips.
- Seasonal Restrictions:** FROZEN GROUND CONDITIONS WILL BE REQUIRED for harvesting and hauling activities. Harvesting operations will only be allowed once frozen ground conditions occur through March 5th. Harvesting/skidding in the harvest area is limited to FROZEN GROUND ONLY! Further seasonal restrictions may be imposed if excessive rutting occurs in the woods, roads, or if excessive damage to residual trees/regeneration occurs.
- Roads and Access:** No new roads are permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. All trails and roads must be returned to their original condition or better at the end of the sale. Any berms that are opened up must be rebuilt or replaced with rocks after each harvest season and at the end of the sale. Bond money will not be returned until all road/trail/landing rehabilitation is satisfactorily complete. Caution signs must be placed on Shingle Mill Rd.
- No slash from upland areas is allowed in the harvest area. If any slash is brought in, it must be removed by the end of the sale.
- No equipment is allowed within 15' of any wetlands unless the ground is frozen.
- Any trees felled across the blue paint line must be completely pulled back onto County property before being limbed and processed.
- All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be followed.

HARVEST REGULATIONS

- Selection Harvest Area:** harvest all orange-marked trees, all balsam 1" DBH and greater, all ironwood and musclewood 1" DBH and greater, and all ash 6" DBH and greater. Utilization on all species is a 100" stick to a 4" top. Whole tree utilization is not allowed to protect residual hardwood. No whole tree skidding is allowed. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard. EXTREME care must be given to protecting existing hardwood regeneration.
- Seasonal Restrictions:** Dry or frozen ground conditions are required to prevent soil damage. Harvesting will be allowed only between July 15 through the following spring break-up (approximately March 15) to minimize damage to residual trees. Time restrictions may be imposed if rutting occurs in the woods or on roads or if excessive damage to residual trees occurs.
- No new roads will be permitted without the permission of the County. Existing roads may be opened and landing sites may be constructed with prior approval of the County. All trails will be returned to their original condition or better at the end of the sale. Bond money will not be returned until all road and landing rehab is complete. Decking and skidding is prohibited on town roads unless permission is obtained from the Town of Lynne.
- No equipment or slash is allowed in wetland or ephemerally wet areas within or adjacent to the sale. Equipment may not be operated within 15 feet of any wetland unless ground is dry or frozen.
- The survey monument and any witness trees are marked with blue paint and must not be damaged.
- Flowage Road is used as an ATV and snowmobile trail. The Minocqua Forest Riders snowmobile trail directly borders the sale area. Slash must be pulled back a minimum of 10 feet from the edge of the trail and must be cut to no higher than 2 feet off the ground within 25 feet of this road. If operations occur during snowmobile season, snowmobile trails directly associated with the timber sale area must remain snow-covered to the extent possible for the duration of snowmobile season. Cautionary signs must be placed along Flowage Road and snowmobile trail at both ends of the sale area for the duration of all harvest and trucking operations.
- Permission will need to be obtained by the contractor from the landowner to use the segment of snowmobile trail from Flowage Road to the gate (60').
- All items listed in the Oneida County Timber Sale Contract apply. All BMPs will be followed.

Contract No: _____

Contractor: _____

Date Sold: _____

Date Completed: _____

Contract Length: 3 years

Harvest Regulations:

1. **Aspen Coppice:** Harvest all aspen, maples, ash, basswood, balsam fir, elm, ironwood, and muscle wood 1" diameter or larger, and white birch greater than 6" diameter. Do not cut any other species or trees marked with green paint. Slash must be evenly distributed across sale area (no large piles). Utilization on all species is a 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th tree top above the 4" diameter must be left evenly scattered in the harvest area. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.

2. **Seasonal Restrictions:** In Piece 1 harvesting is only allowed from July 15 through November 15 to protect the ski trail and to comply with oak wilt restrictions. In Piece 2 harvesting is allowed from July 15 to April 15 of the following year to comply with oak wilt restrictions. Dry or frozen ground conditions are required for harvesting and hauling activities. Further seasonal restrictions may be imposed if excessive rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs.

3. **Roads and Access:** No new roads permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Any road work may not be done prior to 2 weeks before the sale becomes active. Access roads and trails must be bermed/rocked or gated at the end of each harvest season and at the end of the sale. All trails and roads must be returned to their original condition or better at the end of each harvest season and at the end of the sale. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County. The section of Nose Lake Rd by Piece 2 and Memorial Forest Rd is not plowed by the town during winter. It is the contractor's responsibility to open the road or arrange plowing with the town if hauling operations occur during winter. Skidding or decking on Nose Lake Rd is only allowed after the contractor obtains permission from the Town of Woodboro.

4. No trees are to be cut within the areas designated by green paint lines. No equipment is allowed in the wetland areas within or adjacent to the sale unless the ground is dry or frozen. Do not operate equipment within 15' of any wetland unless the ground is dry or frozen. No slash is to be left in any wetlands within or adjacent to the sale. The grass openings may be used as landings, but any soil that is removed needs to be replaced and bladed smooth at the end of the sale.

5. Signs will be needed on Nose Lake Rd, the ski/bike trail, and the snowmobile trail (if harvesting during snowmobile season) to notify users of logging operations. Slash must be pulled back 10' from all recreational trails and roads and cut to lay less than 2' high within 20' of the trails and roads.

6. If the snowmobile trail is used for harvesting operations, the trail must remain snow covered to the extent possible and kept clear of logging debris if used during snowmobile season. Gates are to remain closed during non-snowmobile season and when no one is on site. The trails must be bladed completely smooth at the end of each harvest season and the end of the sale.

7. Do not disturb the survey monument or blue painted bearing trees located on the northern edge of Piece 1. Any trees felled across the blue paint line must be completely pulled back onto County property before being limbed and processed.

8. Extreme care must be taken to protect the ski/bike trail. The ski trail may not be used for skidding, decking, or hauling except for the preferred haul route. Skidding on other sections of the ski trail and crossing of the ski trail must be minimized and discussed with Oneida County Forestry staff before beginning.

9. All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

	Lake		Right of Way clearing
	County Forest Road		Purple Paint Gap
	ATV/Snowmobile Trail		Gate
	Logging Road		Berm
			Survey Monument
			Gravel Pit

Harvest Regulations:

1. **In the Marked Hardwood Area:** harvest all ironwood and balsam fir 1" DBH and larger, all ash and aspen 6" DBH and larger, and all trees marked with orange paint, leaving orange visible on the stump. Within the purple painted gaps, cut all stems 1" DBH and larger with stump heights less than 6". Do not cut trees marked with purple paint. All slash must be removed from the gaps. EXTREME CAUTION must be used to protect existing hardwood regeneration. Excessive damage to regen may result in further equipment restrictions (such as no hot saws or fixed head harvesters only), or contract cancellation. Slash must be evenly distributed across sale area (no large piles). NO WHOLE TREE OR POLE LENGTH SKIDDING. If a cable skidder is used on steep slopes, trees must be topped prior to skidding. Utilization on all species is a 100" stick to a 4" top. No whole tree harvesting is allowed. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard. Along the ROW clearing cut all stems 1" DBH and larger within 25' of the shoulder except for oak and pine over 18" unless marked. Stump heights must be less than 6" tall.

2. **Seasonal restrictions:** Dry or frozen ground conditions will be required for harvesting and hauling activities. Harvesting/skidding in the harvest area is limited to July 15 through the following spring break-up (approx March 15). Further seasonal restrictions may be imposed if excessive rutting occurs in the woods, the roads, or if excessive damage to residual trees occurs.

3. **Roads and access:** No new access roads will be permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Access roads connecting to Camp Six Rd and Shingle Mill Rd must be blocked with berms/rocks or a gate at the end of each harvest season and at the end of the sale. All trails must be returned to their original condition or better at the end of sale operations. Bond money will not be returned until all road/landing rehabilitation is satisfactorily complete.

4. No equipment is allowed in the wetland areas within or adjacent to the sale unless the ground is dry or frozen. No slash is to be left in any wetlands within or adjacent to the sale. Equipment may not be operated within 15' of any wetland unless ground is dry or frozen.

5. Decks must be far enough off the trail so as not to pose a safety hazard to trail users and the trail must be kept clear of logging debris on a daily basis. Signs will be needed on the ATV/Snowmobile trail, Camp Six Rd, and Shingle Mill Rd to notify users of logging operations. If harvesting during snowmobile season, the snowmobile trail must remain snow covered to the extent possible.

6. Slash must be pulled back 10' from the edge of all trails and roads and cut to less than 2' high within 20' of all trails and roads except all slash must be removed from the ROW clearing. The ATV/Snowmobile trail, Shingle Mill Rd, and Camp Six Rd must be repaired to the satisfaction of the County if they are used for hauling. Any trees felled across the BPL must be pulled back onto county property before being processed. The contractor must obtain permission from the Oneida County Forestry Department before decking and skidding on Shingle Mill Rd and Camp Six Rd.

7. As part of the contract, the Contractor shall deliver 12 cords of hardwood pulp for firewood to the firewood storage area just east of the campground entrance at no cost to the County.

8. All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be followed.

Tract # 12-25

Town of Lynne

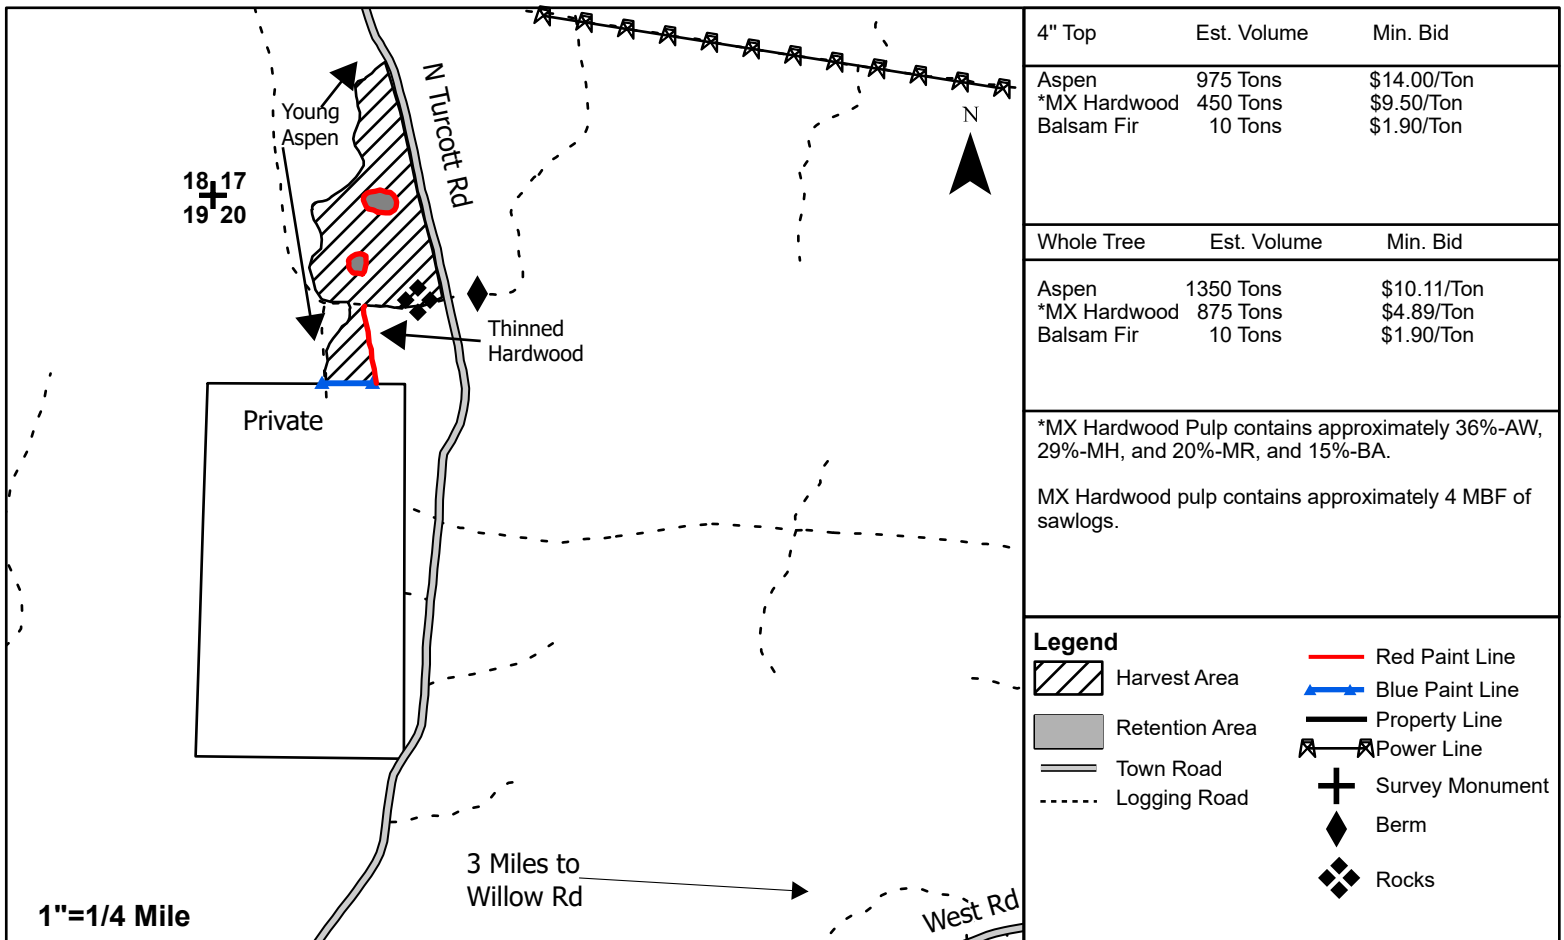

Contract No: _____

Contractor: _____

Date Sold: _____

Date Completed: _____

Contract Length: 2 years

Harvest Regulations:

1. **Aspen coppice:** cut all aspen, maples, white birch, ash, basswood, cherry, elm, balsam fir and ironwood 1" diameter or larger. Do not cut any other species. Utilization on all species is a 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th tree top above the 4" diameter must be left evenly scattered in the harvest area. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.

2. **Seasonal restrictions:** Year round logging operations may occur. Dry or frozen ground conditions are required for harvesting and hauling activities. Further seasonal restrictions may be imposed if excessive rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs.

3. **Roads and access:** No new roads permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Access roads and trails must be bermed/rocked or gated at the end of each harvest season and at the end of the sale. All trails and roads must be returned to their original condition or better at the end of each harvest season and at the end of the sale. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County. The contractor must obtain permission from the Town of Lynne before decking/skidding on North Turcott Rd.

4. No equipment is allowed in any wetland area within or adjacent to the sale unless the ground is dry or frozen. Do not operate equipment within 15' of any wetland unless the ground is dry or frozen. No slash is to be left in any wetlands within or adjacent to the sale.

5. Slash must be evenly distributed across the sale area (no large piles). Slash must be pulled back 10' from all roads and cut to lay less than 2' high within 20' of the roads. Signs will be needed on North Turcott Rd to notify users of logging operations.

6. Any trees felled across the Blue Paint Line must be pulled back completely onto county property before being processed. Do not cut any trees with blue paint on them.

7. All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

Town of Lynne

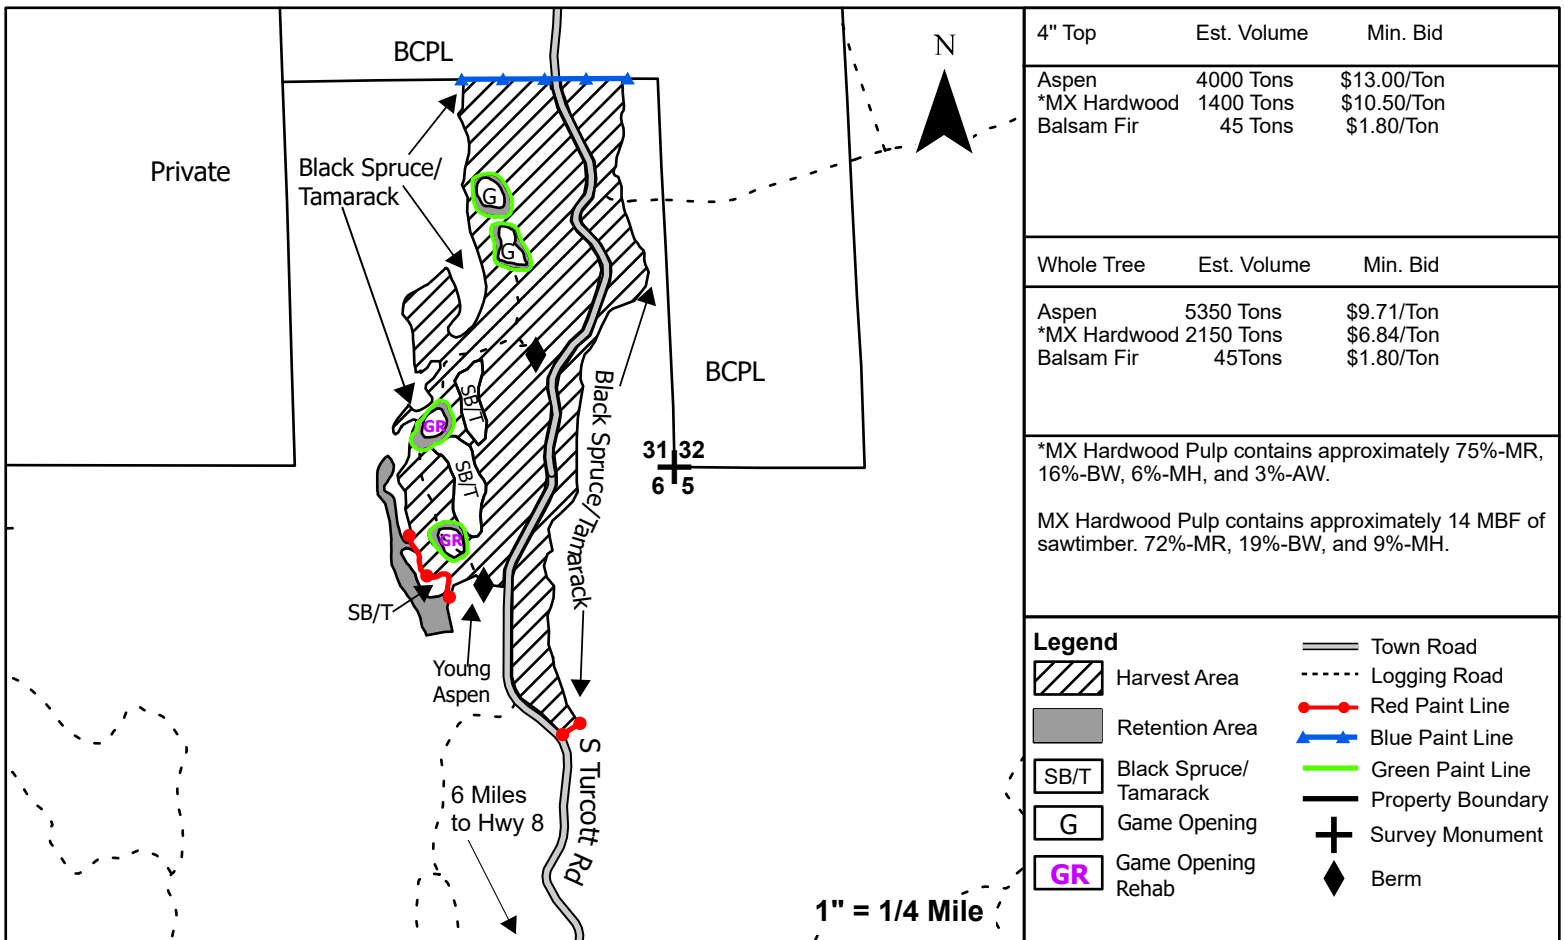

Contract No: _____

Contractor: _____

Date Sold: _____

Date Completed: _____

Contract Length: 3 years

Harvest Regulations:

1. **Harvest Area (aspen coppice):** cut all aspen, maples, ash, basswood, balsam fir, elm, ironwood, and musclewood 1" DBH and larger. Do not cut white birch larger than 15" DBH, trees marked with green paint, or any other species. Slash must be evenly distributed across sale area (no large piles). Utilization on all species is a 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th tree top above the 4" diameter must be left evenly scattered in the harvest area. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.

2. **GR Harvest:** Within the two southern game openings, labeled GR, cut all stems 1" DBH and larger regardless of listed species within the purple painted openings, do not cut purple painted trees. Stump heights must not exceed 10" tall within the openings. Slash must be evenly distributed within the openings.

3. **Seasonal restrictions:** Year round logging operations may occur. Dry or frozen ground conditions are required for harvesting and hauling activities. Further seasonal restrictions may be imposed if excessive rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs.

4. **Roads and access:** No new roads permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Access roads and trails must be bermed/rocked or gated at the end of each harvest season and at the end of the sale if previously blocked. All trails and roads must be returned to their original condition or better at the end of each harvest season and at the end of the sale. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County. The contractor must obtain permission from the Town of Lynne prior to decking/skidding on the town roads.

5. No equipment is allowed in the wetland areas within or adjacent to the sale unless the ground is dry or frozen. Do not operate equipment within 15' of any wetland unless the ground is dry or frozen. No slash is to be left in any wetlands within or adjacent to the sale. Any trees felled across the Blue Paint Line must be pulled completely onto county property before being processed.

6. Signs will be needed on South Turcott Rd. to notify users of logging operations. Slash must be pulled back 10' from all trails/roads and cut to lay less than 2' high within 20' of the trails/roads.

7. Do not cut any aspen within the green painted buffer zones around the game openings. All other harvestable species may be cut. The game openings may be used as landings, but once the sale is complete, all topsoil that was removed needs to be replaced and leveled out to allow for future maintenance of the openings.

8. All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

Sale Area: 55 Acres (54 acres selection, 1 acre retention)
Legal Desc. T36N R4E Sec. 19 NESE, Sec. 20 SW 1/4, and Sec. 29 NENW.

Tract # 14-25
Town of Lynne
Contract No.: _____
Contractor: _____
Date Sold: _____
Date Completed: _____
Contract Length: 3 years

Harvest Regulations:

- 1. In the overstory removal area:** harvest all trees greater than 6" DBH except spruce, hemlock, cedar, elm, and trees marked with green paint. Dead ash was not cruised but may be utilized if sound. EXTREME CAUTION must be used to protect existing hardwood regeneration. Do not skid through, drop trees into, or drag tops through concentrated areas of hardwood or aspen saplings. If regeneration is not protected, the contractor may be required to directionally fell trees into harvester path, limb/top in same path, with skidder following harvester path. Excessive damage to regen may result in further equipment restrictions (such as no hot saws or fixed head harvesters only), or contract cancelation. Slash must be evenly distributed across sale area (no large piles). NO WHOLE TREE OR POLE LENGTH SKIDDING. Utilization on all species is a 100" stick to a 4" top. No whole tree harvesting is allowed. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.
- 2. Seasonal restrictions:** Harvesting/skidding is limited to July 15 through the following spring break-up (approximately March 15). Harvesting/skidding in the harvest area is permitted only under very dry or frozen-ground conditions. Further seasonal restrictions may be imposed if excessive rutting occurs in the woods, the roads, or if excessive damage to residual trees occurs.
- 3. Roads and access:** No new roads are permitted. Existing roads may be opened and improved and landing sites may be constructed with prior approval of the County. Access roads connecting to South Turcott Rd must be blocked with berms/rocks or a gate at the end of each harvest season and at the end of the sale if previously blocked. All trails must be returned to their original condition or better at the end of sale operations. Bond money will not be returned until all road/landing rehabilitation is satisfactorily complete. Decking along South Turcott Rd is only allowed with permission from the Town of Lynne. Signs will be needed on South Turcott Rd to notify users of logging operations occurring.
- 4.** No equipment is allowed in the wetland areas within or adjacent to the sale unless the ground is dry or frozen. Minimize dropping trees outside of the red paint line and/or into wetland areas. Any trees felled outside the harvest area must be pulled back into the sale area before being processed. No slash is to be left in any wetlands within or adjacent to the sale. Equipment may not be operated within 15 ft of any wetland unless ground is dry or frozen.
- 5.** Harvest area is bounded by red paint except where it follows South Turcott Rd. and wetland areas on the western edge of the sale.
- 6.** Slash must be pulled back 10 ft from the edge of all trails/roads and cut to less than 2 ft high within 20 ft of the trails/roads. South Turcott Rd must be repaired to the satisfaction of the town if it is used for decking/hauling.
- 7.** All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be followed.

- Red Paint Line (R.P.L.)
- Grass Opening
- Survey Corner
- Woods Roads
- Blue Paint Line (B.P.L.)
- Yellow Paint Line (Y.P.L.)

1 inch = 1/4 mile

Harvest Regulations:

1. **Coppice Area** (28 Acres): Cut all Aspen, Maple, Ash and Fir 1" dbh and larger, along with White Birch over 6" dbh. Do not cut any other species.

Hardwood Selection (11 acres): Cut all ORANGE MARKED trees, along with merchantable Ash, Fir and Aspen. Cut all Ironwood over 1" dbh.

Hardwood Overstory Removal (52 acres): Cut all trees over 4" dbh EXCEPT for those marked with GREEN paint.

DO NOT cut any Aspen within 50' of the grass openings.

Extreme caution must be taken to protect advanced regeneration in the hardwood areas. Excess damage to regeneration may lead to equipment restrictions or contract cancellation. Utilization on all species is a 100" stick to a 4" top. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.

2. **Seasonal Restriction:** Dry or frozen ground conditions will be required for harvesting and hauling activities. Sale operations are limited to July 15th to the following spring breakup period (approximately March 15th). Seasonal restrictions may be imposed if rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs.

3. No new roads will be permitted. Existing woods roads may be opened and improved and landing sites may be constructed with prior approval of the County. All roads will be returned to their original condition or better at the end of sale. Roads must be bermed/rocked after each harvest season and at the end of the sale if previously blocked. Bond money will not be returned until all road/landing rehabilitation is complete. Decking on Kelly Fire Lane or McCord Roads are only allowed with permission from the Town.

4. If grass openings are used for landings they must be clear of bark, leveled and have all top soil returned upon sale completion. They must be returned to their original condition or better at the end of the sale.

5. No equipment or slash is allowed in the wetland areas within or adjacent to the sale. Equipment may not be operated within 15 feet of any wetland unless ground is dry or frozen.

6. Slash must be pulled back 10' off the edge of the Town Roads and cut to less than 2' high within 20' of the roads. Any trees felled across the B.P.L must be pulled back onto County property before being processed.

7. All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

Aspen	2950 Tons	\$8.04
*MX Hardwood	270 Tons	\$5.87

*MX Hardwood Pulp contains approximately: 95% Red Maple, 5% White Birch

Harvest Regulations:

- Coppice Area:** Cut all Aspen, Red Maple, and White Birch 1" dbh and larger. Balsam Fir can be cut/lopped and left scattered in the woods. Do not cut Cherry or Spruce. Utilization on all species is a 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th tree top above the 4" diameter must be left evenly scattered in the harvest area. Any den or nest trees shall be left uncut. Standing dead trees are not to be cut unless they pose a safety hazard.
- Seasonal Restriction:** Dry or frozen ground conditions will be required for harvesting and hauling activities. Seasonal restrictions may be imposed if rutting occurs in the woods or on the roads or if excessive damage to the residual trees occurs. Multiple Tag Alder draws are located throughout the stand.
- Roads and access:** Approximately 0.4 miles of new woods road will need to be constructed to access the stand. The new road will be built through a young Aspen stand. Existing woods roads may be opened and improved and landing sites may be constructed with prior approval of the County. All roads will be returned to their original condition or better at the end of sale. Roads must be bermed/rocked after each harvest season and at the end of the sale if previously blocked. Bond money will not be returned until all road/landing rehabilitation is complete. Decking on South Turcott Road is only allowed with permission from the Town.
- No equipment or slash is allowed in the wetland areas within or adjacent to the sale. Equipment may not be operated within 15 feet of any wetland unless ground is dry or frozen.
- Signs will be needed on South Turcott Road to notify users of logging operations. No slash treatment is required for this sale.
- All items listed in the Oneida County Timber Sale Contract apply. All applicable BMP's will be followed.

HARVEST REGULATIONS

- Aspen Coppice Area:** Harvest all aspen, ash, basswood, maple, and white birch 1-inch dbh or greater. Do not cut any other species.
- Seasonal Restrictions:** Harvesting is allowed on frozen ground only due to lowland access.
- Roads and Access:** Sale can be accessed from Willow Road. Access will be from an established snowmobile trail on the south end of the sale with a stream crossing. The culvert will need additional fill added for semi traffic. Access to the north portion of the stand will be on an abandoned snowmobile trail with a notable wet portion that will need to be matted or frozen. Landing location and construction will be discussed at the pre-sale meeting held on site prior to all harvest operations. Woods roads will remain open and free of debris at all times. Slash must be pulled back 10' from the snowmobile trails and all Town roads and cut to lay less 2' high within 20' of those trails and Town roads. Decking on Willow Road is permitted only with permission of the Town. All damage to roads must be repaired immediately to the satisfaction of the Town. If decking occurs on the town roads, decks must be far enough off the road to prevent safety issues. All bark and debris must be removed from the road daily. Existing woods roads may be improved and landings and turn-arounds constructed with prior approval of the County. All roads must be leveled and blocked with rocks or gate at the end of each harvesting season and at the end of the sale. Bond money will not be returned until all road/landing rehabilitation is complete. If hauling activities take place during snowmobile season, caution signs shall be erected. Snow plowing during snowmobile season must be done so as to leave snow cover on the snowmobile trail at all times.
- Utilization:** Utilization is 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th top above the standard 4" top shall be left evenly scattered throughout the sale area. All standing dead trees or den/nest trees must be left standing unless they pose a safety hazard to harvest operations.
- Wetland and Waterway BMP's:** No equipment is allowed to operate within 15 feet of any wetland or ephemeral pond within or adjacent to the sale unless the ground is very dry or frozen. No slash is to be left in any wetland or ephemeral pond.
- Contract:** All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be enforced.

KW/SK/JK 9/25

Oneida County Forest

Matriarch Aspen

Compartment / Stand - 72/9, 73/2

Sale Area: 158 total acres (150 acres cut, 8 acres retention)

Legal Description: T36N R04E

Section 11 (SE 1/4, SWNE), Section 12 (NWSW, SWSW), Section 13 (NWNW, SWNW, SENW, NWSW), Section 14 (NENE, SENE, NESE)

Tract # 20-25

Town of Lynne

Contract Number: _____

Contractor: _____

Date Sold: _____

Date Completed: _____

Contract Length: 3 years

HARVEST REGULATIONS

1. **Aspen Coppice Area:** Harvest aspen, maples, ash, and basswood 1" dbh and larger, balsam fir with 1 or more 100" sticks to a 4" top, paper birch >10" dbh, and spruce <10" dbh. Do not cut trees marked with green paint or red paint, any trees within the Retention Areas, or any other species. Aspen and other species in this stand have also suffered wind damage and affected stems will be salvaged where possible.
2. **Seasonal Restrictions:** Year-round harvesting and hauling is allowed with very dry or frozen ground. Further restrictions may be imposed if excessive rutting occurs in the woods, on roads, or if excessive damage to residual trees occurs.
3. **Roads and Access:** No new roads are permitted. Skidding or decking on Work Road is permitted only with permission of the Town of Lynne. All damage to roads must be repaired immediately to the satisfaction of the Town. If decking occurs on the town roads, decks must be far enough off the road to prevent safety issues. All bark and debris must be removed from the road daily and completely at the end of the sale. Existing woods roads may be improved, and landings and turn-arounds constructed with prior approval of the County. All woods roads must be leveled and blocked with rocks or gate if previously blocked at the end of each harvesting season and at the end of the sale. The game openings may be used as landings, but once the sale is complete, all topsoil that was removed shall be replaced and leveled out to allow for future maintenance of the openings. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County.
4. **Utilization:** Utilization is 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th top above the standard 4" top shall be left evenly scattered throughout the sale area. Slash must be pulled back 10 feet from all trails/roads and cut to lay less than 2 feet high within 20 feet of the trails/roads. All standing dead trees or den/nest trees must be left standing unless they pose a safety hazard to harvest operations.
5. **Wetland and Waterway BMPs:** No equipment is allowed to operate within 15 feet of any wetland or ephemeral pond within or adjacent to the sale unless the ground is very dry or frozen. No slash is to be left in any wetland or ephemeral pond.
6. **Contract:** All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be enforced.

HARVEST REGULATIONS

1. **Aspen Coppice Area:** Harvest aspen, maple, and ash 1" dbh and greater, balsam fir with 1 or more 100" sticks to a 4" top, white birch >10" dbh, and spruce <10" dbh. Do NOT cut any other species. Do NOT cut trees marked with green paint, red paint, purple paint, blue paint, or any trees within the Retention Areas. Aspen in this stand has also suffered wind damage and affected stems must be salvaged where possible.
2. **RMZ Harvest Area:** These areas are delineated by purple marked trees. Cut all aspen 4" dbh and greater. Do NOT cut any other species! Do not cut purple marked trees.
3. **Seasonal Restrictions:** Harvesting is allowed with very dry or frozen ground EXCEPT from May 15 to September 15. Further restrictions may be imposed if excessive rutting occurs in the woods, on woods roads or town roads, or if excessive damage to residual trees occurs.
4. **Roads and Access:** Skidding or decking on Kelly Fire Lane is permitted only with permission of the Town of Little Rice. All damage to roads must be repaired immediately to the satisfaction of the Town. If decking occurs on town roads, decks must be far enough off the road to prevent safety issues. All bark and debris must be removed from the town road daily and completely at the end of the sale. Existing woods roads may be improved, and landings and turn-arounds constructed with prior approval of the County. No new roads may be constructed. All woods roads must be levelled and blocked with rocks or gate if previously blocked at the end of each harvesting season and at the end of the sale. Grass openings may be used as landings, but at time of sale completion, all topsoil that was disturbed or removed shall be replaced and leveled to allow for future maintenance of the openings. Bond money will not be returned until all road/landing rehabilitation is complete to the satisfaction of the County.
5. **Utilization:** Utilization is 100" stick to a 4" top or whole tree. If harvesting whole tree, every 10th top above the standard 4" top shall be left evenly scattered throughout the sale area. Slash is to be pulled back from the edge of the gravel portion of town roads a minimum of 10 feet and cut to no higher than 2 feet from the ground throughout the sale. All standing dead trees or den/nest trees must be left standing unless they pose a safety hazard to harvest operations. Any trees felled across the blue painted line must be pulled back completely onto county property before being processed.
6. **Wetland and Waterway BMPs:** No equipment is allowed to operate within 15 feet of any wetland or ephemeral pond within or adjacent to the sale unless the ground is very dry or frozen. No slash is to be left in any wetland or ephemeral pond. Slash that originates from outside the RMZ Harvest Area cannot be disposed of or piled within the RMZ. Slash from trees harvested within the RMZ may remain in the RMZ. EXTREME care must be used to keep woods road adjacent to Little Rice River in good condition.
7. **Contract:** All items listed in the Oneida County Timber Sale Contract apply. All applicable BMPs will be enforced.
