I hereby authorize the Oneida County Planning and Zoning Department to access my property to measure setbacks from my home to the ordinary high water mark. I understand that the measurement will be used for the neighbor to apply for a reduced setback (averaging) Zoning Permit.

NOTE: The Oneida County Zoning and Shoreland Protection Ordinance requires that ALL principal structures within 250 feet of the PROPOSED new dwelling location be measured. If you have any questions regarding this form, contact the Planning and Zoning Department at the above-referenced number.
