APHIS-WS has statutory authority under the Acts of March 2, 1931, 46 Stat. 1468-69, 7 U.S.C. §§ 8351-8352, as amended, and December 22, 1987, Public Law No. 100-202, § 101(k), 101 Stat. 1329-331, 7 U.S.C. § 8353., to cooperate with States, local jurisdictions, individuals, public and private agencies, organizations, and institutions while conducting a program of wildlife services involving mammal and bird species that are reservoirs for zoonotic diseases, or animal species that are injurious and/or a nuisance to, among other things, agriculture, horticulture, forestry, animal husbandry, wildlife, and human health and safety.

**ARTICLE 3**

APHIS-WS and the Cooperator agree:

1. The Cooperator will provide payment at the time of service to "USDA, APHIS" in the amount of **\$3,534.00**.
2. The performance of wildlife damage management actions by APHIS-WS under this agreement is contingent upon a determination by APHIS-WS that such actions are in compliance with the National Environmental Policy Act, Endangered Species Act, and any other applicable federal statutes. APHIS-WS will not make a final decision to conduct requested wildlife damage management actions until it has made the determination of such compliance.
3. Nothing in this agreement shall prevent APHIS-WS from entering into separate agreements with any other organization or individual for the purpose of providing wildlife damage management services exclusive of those provided for under this agreement.
4. The Cooperator certifies that APHIS-WS has advised the Cooperator there may be private sector service providers available to provide wildlife damage management services that the Cooperator is seeking from APHIS-WS.
5. The cooperating parties agree to coordinate with each other before responding to media requests on work associated with this project.

**ARTICLE 4**

This agreement is contingent upon the passage by Congress of an appropriation from which expenditures may be legally met and shall not obligate APHIS-WS upon failure of Congress to so appropriate. This agreement is not a procurement contract (31 U.S.C. 6303), nor is it considered a grant (31 U.S.C. 6304). **Additional Stipulations as Requested by Oneida County:**

- a) **Legal Protections.** It is agreed by the parties that nothing in this agreement, including but not limited to indemnification and hold harmless clauses, shall in any way constitute a waiver or estoppel of the Agency or its insurer, of its right to rely upon the limitations, defenses, privileges, limitations of liability or immunities contained within Wisconsin law and Federal law, including but not limited to those contained within Wisconsin Statutes 893.80, 895.52 and 345.05 and Federal laws and policies. To the extent that indemnification is available and enforceable the Agency or its insurer shall not be liable in indemnity or contribution for an amount greater than the limits of liability for claims against counties established by Wisconsin law. To the extent that any provision of this agreement is found by any Federal court of competent jurisdiction to conflict with any such legal protection, then whichever protections, either legal or contractual, provide a greater benefit to the Agency shall apply unless the Agency elects otherwise, or Federal court provides otherwise.
- b) **Assignment.** Neither party shall assign any rights or duties under this agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment shall release or discharge the assignor from any obligation under this agreement.

## WORK PLAN

### Introduction

The U.S. Department of Agriculture (USDA) is authorized to protect American agriculture and other resources from damage associated with wildlife. APHIS-WS activities are conducted in cooperation with other Federal, State and local agencies, private organizations and individuals. The WS program uses an Integrated Wildlife Damage Management (IWDM) approach (sometimes referred to as IPM or "Integrated Pest Management") in which a series of methods may be used or recommended to reduce wildlife damage. These methods include the alteration of cultural practices as well as habitat and behavioral modification to prevent damage. However, controlling wildlife damage may require that the offending animal(s) are killed or that the populations of the offending species be reduced.

### Purpose

The purpose of this Agreement is to provide the necessary technical and operational assistance to mitigate beaver damage to county and state roads, bridges and related structures.

### Planned USDA, APHIS, Wildlife Services Activities

- A. Objectives:
1. To investigate and resolve beaver related resource damage complaints as provided by the County in a timely manner.
  2. To contact all landowners and/or public land managers with lands within each project site as necessary to obtain permission to perform beaver damage management activities. It is understood that USDA-WS cannot conduct activities on lands where permission has not been granted.
  3. To remove beaver and beaver dams as necessary from those lands on which landowner permission has been obtained.
  4. To provide the County with monthly accomplishment reports and periodic project updates.
- B. Expected Results:  
The results or benefits to be expected from a cooperative beaver management program include wildlife damage management expertise, and timely technical and operational assistance to mitigate beaver related damage to roads, culverts, bridges and related structures.
- C. Approach:  
Beaver damage management activities will utilize a variety of methods to remove beaver, and hand removal and binary explosives to remove dams. All APHIS-WS explosives specialists are required to possess current Wisconsin Blasters License and APHIS-WS certification for beaver dam removal purposes.
- D. Supervision:  
Overall program direction will be provided by the APHIS-WS State Director. The Rhinelander District Supervisor will be responsible for supervision and administration of specific provisions of the Agreement.
- E. Procurement:  
Purchase of supplies and equipment will be made by APHIS-WS. All expenditures will be processed through the APHIS-WS administrative system.
- F. Stipulations and Restrictions:  
APHIS-WS activities under this Agreement will be limited to the County area.
- G. Reports:  
Monthly accomplishment reports, periodic project updates, and an annual report on APHIS-WS activities pursuant to this agreement will be provided to the County.
