Rezone Petition #10-2025 Town of Woodruff to change from District #02 Single Family to District #07 Business B-2.

Property described as: part of SW NW, Section 7, T39N, R7E, PIN WR-97-3 and WR-97-5, Town of Woodruff, Oneida County Wisconsin.

Authored by: Eric Klein
Land owners: Gregory Meyer
Public Hearing: September 3, 2025
Report prepared on: August 26, 2025
Staff Recommendation: Approve

Summary review of Section 9.86(F) General Standards, when reviewing a petition to rezone

Section 9.86(F)(1) Whether the change is in accord with the purpose of this ordinance.

The property owner states the purpose of the rezone petition is "Build storage unit for golf kart storage."

The proposed changes will further the purpose of the zoning ordinance found in Section 9.11 by promoting the public health, safety, convenience, and general welfare; by encouraging planned and orderly land use development; by protecting property values and the property tax base; by permitting the careful planning and efficient maintenance of highway systems; by recognizing the needs of agriculture, forestry, industry and business in future growth; by encouraging uses of land and other natural resources which are in accordance with their character and adaptability; by preserving wetlands, by conserving soil, water, and forest resources; protecting the beauty and amenities of landscape and man-made developments; protecting healthy surroundings for family life.

Section 9.86(F)(2) Whether the change is consistent with land use plans of the County, the affected town, and towns adjacent to the affected town.

Oneida County has adopted a Comprehensive Land Use Plan. The county plan is nothing more than the individual town land use plans. The Town of Woodruff has an adopted comprehensive plan dated September 16, 2010. The Town of Woodruff has designated this property as Residential. Residential identifies areas recommended for residential development typically consisting of smaller lot sizes." The Town of Woodruff may want to amend their comprehensive plan and list this parcel as Commercial in their Future Land Use Plan.

The closest abutting town is Minocqua immediately to the west. The property to the west is zoned District #07 Business B-2.

Section 9.86(F)(3) Whether conditions have changed in the area generally that justify the change proposed in the petition.

The property is currently zoned District #02 Single Family. Property in the Town of Minocqua is Zoned Business B-2 District #07. There is a great deal of business development in the Town of Minocqua on the HWY 47 corridor.

Section 9.86(F)(4) Whether the change would be in the public interest.

The Town of Woodruff approved the request. Oneida County has formally published the request and has inserted this as a Class 2 notice of public hearing in the Northwoods River News. As of the date of this report no correspondence has been received in favor or opposition to the rezone request.

Before the committee can take a final position on this issue a formal opportunity for the public to respond at the public hearing must be done.

Section 9.86(F)(5) Whether the character of the area or neighborhood would be adversely affected by the change.

The committee will have to review permitted, administrative and conditional uses allowed in both District #02 Single Family and District #07 Business B-2.

Section 9.86(F)(6) Whether the uses permitted by the change would be appropriate in the area.

The committee will have to review permitted, administrative and conditional uses allowed in both District #02 Single Family and District #07 Business B-2.

Section 9.86(F)(7) Whether the town board of the town in which the change would occur approves the change.

The Town of Woodruff approved the request.

Section 9.86(F)(8) The size of the property that is the subject of the proposed change.

The parcel is approximately 1.13 acres.

Section 9.86(F)(9) Whether the area to be rezoned is defined by recognizable or clearly definable boundaries such as those found in U.S.G.S. Land Office Survey maps or recorded plats, or those created by highways, railroad rights-of-way, meandering streams or lakes.

The parcel is not easily describable. Staff recommends a certified survey map to provide a clear description.

Section 9.86(F)(10) Position of affected landowners.

The property owner supports the request. The Town of Woodruff supports the request. No comments in favor or in opposition have been received as of the date of this report. The Committee must wait for the completion of the public hearing before taking a final position on this matter. Landowners abutting the area to be changed were provided with written notice of the public hearing, along with the date, time, and place where this will be discussed. The above information does not address any comments or information received at the public hearing. Any new information will have to be factored in with all of the above standards in the Planning and Development Committee's final recommendation to the County Board.

Rezone Petition #03-2025 Town of Woodruff to change from District #02 Single Family to District #07 Business B-2.

Property described as: part of SW NW, Section 7, T39N, R7E, PIN WR-97-13, Town of Woodruff, Oneida County Wisconsin.

Authored by: Eric Klein
Land owners: Gregory Meyer
Public Hearing: June 25, 2025
Report prepared on: June 19, 2025
Staff Recommendation: Approve

Summary review of Section 9.86(F) General Standards, when reviewing a petition to rezone

Section 9.86(F)(1) Whether the change is in accord with the purpose of this ordinance.

The property owner states the purpose of the rezone petition is "Build storage unit for golf kart storage."

The proposed changes will further the purpose of the zoning ordinance found in Section 9.11 by promoting the public health, safety, convenience, and general welfare; by encouraging planned and orderly land use development; by protecting property values and the property tax base; by permitting the careful planning and efficient maintenance of highway systems; by recognizing the needs of agriculture, forestry, industry and business in future growth; by encouraging uses of land and other natural resources which are in accordance with their character and adaptability; by preserving wetlands, by conserving soil, water, and forest resources; protecting the beauty and amenities of landscape and man-made developments; protecting healthy surroundings for family life.

Section 9.86(F)(2) Whether the change is consistent with land use plans of the County, the affected town, and towns adjacent to the affected town.

Oneida County has adopted a Comprehensive Land Use Plan. The county plan is nothing more than the individual town land use plans. The Town of Woodruff has an adopted comprehensive plan dated September 16, 2010. The Town of Woodruff has designated this property as Residential. Residential identifies areas recommended for residential development typically consisting of smaller lot sizes." The Town of Woodruff may want to amend their comprehensive plan and list this parcel as Commercial in their Future Land Use Plan.

The closest abutting town is Minocqua immediately to the west. The property to the west is zoned District #07 Business B-2.

Section 9.86(F)(3) Whether conditions have changed in the area generally that justify the change proposed in the petition.

The property is currently zoned District #02 Single Family. Property in the Town of Minocqua is Zoned Business B-2 District #07. There is a great deal of business development in the Town of Minocqua on the HWY 47 corridor.

Section 9.86(F)(4) Whether the change would be in the public interest.

The Town of Woodruff approved the request. Oneida County has formally published the request and has inserted this as a Class 2 notice of public hearing in the Northwoods River News. As of the date of this report no correspondence has been received in favor or opposition to the rezone request.

Before the committee can take a final position on this issue a formal opportunity for the public to respond at the public hearing must be done.

Section 9.86(F)(5) Whether the character of the area or neighborhood would be adversely affected by the change.

The committee will have to review permitted, administrative and conditional uses allowed in both District #02 Single Family and District #07 Business B-2.

Section 9.86(F)(6) Whether the uses permitted by the change would be appropriate in the area.

The committee will have to review permitted, administrative and conditional uses allowed in both District #02 Single Family and District #07 Business B-2.

Section 9.86(F)(7) Whether the town board of the town in which the change would occur approves the change.

The Town of Woodruff approved the request.

Section 9.86(F)(8) The size of the property that is the subject of the proposed change.

The parcel is approximately .36 acres.

Section 9.86(F)(9) Whether the area to be rezoned is defined by recognizable or clearly definable boundaries such as those found in U.S.G.S. Land Office Survey maps or recorded plats, or those created by highways, railroad rights-of-way, meandering streams or lakes.

The parcel is not easily describable. Staff recommends a certified survey map to provide a clear description.

Section 9.86(F)(10) Position of affected landowners.

The property owner supports the request. The Town of Woodruff supports the request. No comments in favor or in opposition have been received as of the date of this report. The Committee must wait for the completion of the public hearing before taking a final position on this matter. Landowners abutting the area to be changed were provided with written notice of the public hearing, along with the date, time, and place where this will be discussed. The above information does not address any comments or information received at the public hearing. Any new information will have to be factored in with all of the above standards in the Planning and Development Committee's final recommendation to the County Board.

RESOLUTION # 24-2026

Resolution to implement market adjustment for Computer Technician positions on the Non-Exempt Wage Schedule.

Resolution approved for presentation to the Oneida County Board by the Supervisors of the Executive Committee.

Resolved by the Board of Supervisors of Oneida County, Wisconsin:

WHEREAS, due to the competitive labor market for information technology professionals, Oneida County has experienced difficulty recruiting and retaining qualified individuals for Computer Technician positions within the ITS (Information Technology Systems) Department; and

WHEREAS, based on conversations with the Executive Committee regarding turnover in the Computer Technician positions and challenges in refilling vacancies causing operational strain within the ITS Department, the Human Resources Director and ITS Director worked together to find solutions. Based on analysis, it was determined that compensation was one of the primary reasons cited for causes of turnover in the Computer Technician position; and

WHEREAS, the Human Resources Director researched both private and public sector wages for positions closely related to the Computer Technician position, and identified that the Oneida County Computer Technician's compensation was lower than comparable wages, in which the data was presented to the Executive Committee; and

WHEREAS, a recommendation was made to the Executive Committee by the Human Resources Director and ITS Director to add a market adjustment to the Computer Technician wages of an additional 6% compensation to the position's current placement on Grade H of the Non-Exempt Wage Schedule; and

WHEREAS, the Executive Committee reviewed the data and recommendation and supports the implementation of this market adjustment; and

WHEREAS, the Executive Committee does recommend to the Oneida County Board of Supervisors to place the Computer Technician position at Grade Level H plus 6% on the Non-Exempt Wage Schedule.

THEREFORE, BE IT RESOLVED, by the Oneida County Board of Supervisors that effective January 31, 2026, the Computer Technician positions within the ITS Department shall receive an additional 6% compensation above their current Grade Level H wage with the additional funds needed to cover this change to come out of the current 2026 ITS Department budget.

A fiscal impact statement is attached hereto and made a part thereof.

RESOLUTION # 25-2020

Resolution to Request the Governor of Wisconsin and State Legislature to Enact a Comprehensive and Sustainable Transportation Funding Solution

Resolution approved for presentation to the Oneida County Board by the Supervisors of the Public Works Committee

Resolved by the Board of Supervisors of Oneida County, Wisconsin:

WHEREAS, local units of government in Wisconsin own and maintain approximately 90% of the public road miles in the state, including county highways, town roads, and city and village streets; and

WHEREAS, Wisconsin's economy-rooted in agriculture, manufacturing, and tourism-relies on a safe, reliable, and well-maintained transportation network; and

WHEREAS, local governments greatly appreciate the one-time infusions of General Purpose Revenue, primarily sales and income taxes, and other revenue provided in recent state budgets, which have enabled the initiation and continuation of successful and popular Local Roads Improvement Program Supplemental (LRIP-S) and Agricultural Roads Improvement Program (ARIP); and

WHEREAS, despite modest increases from the state over the years, transportation aids to local governments remain insufficient to keep pace with inflation and rising construction costs, leaving many communities funded below 2000 levels in real dollars; and

WHEREAS, local governments throughout Wisconsin continue to struggle to perform even routine maintenance, pavement preservation, and safety improvements, resulting in deteriorating roads and bridges; and

WHEREAS, the inaugural inventory and assessment of small bridges between 6 to 20 feet found about 10% of the nearly 17,000 structures to be in poor or severe condition; and

WHEREAS, levy limits and other fiscal constraints prevent local governments from independently filling the funding gap created by inadequate state transportation aids; and

WHEREAS, absent sustainable state funding, many communities have been forced to address their shortfalls by significantly increasing borrowing, deferring essential projects, or imposing a local vehicle registration (wheel) taxes; and

WHEREAS, Wisconsin motorists currently pay among the lowest transportation user fees in the Midwest, while neighboring states and dozens of others nationwide have enacted long-term revenue measures to keep their transportation systems competitive; and

WHEREAS, Wisconsin is increasingly relying on General Purpose Revenues to make needed investments, potentially pitting transportation against other vital services, such as education; and

WHEREAS, continued lack of growing, dedicated, and predictable revenue places Wisconsin at a growing economic disadvantage by threatening the efficiency of freight movement, the safety of travelers, and the attractiveness of our state to businesses and residents; and

WHEREAS, both Wisconsin's aging Interstate highway system – largely constructed in the 1950s and 1960s – and our extensive network of state and local roads require predictable, adequate, and sustainable funding to meet current and future needs;

THEREFORE, BE IT RESOLVED, that the Oneida County Board of Supervisors strongly urges the Governor of Wisconsin and the State Legislature to enact a comprehensive, sustainable transportation funding solution that:

1. Provides adequate and reliable revenue growth for the efficient long-term planning and execution of state and local transportation programs;
2. Includes responsible and prudent use of General Purpose Revenue and bonding;
3. Adjusts any new and existing transportation user fees and other revenue mechanisms to sustain purchasing power in order to maintain and improve Wisconsin's transportation infrastructure; and
4. Ensures transportation continues to deliver for Wisconsin by adequately funding reconstruction, preservation and safety improvements on the state and local systems.

BE IT FURTHER RESOLVED, that the clerk is hereby directed to transmit a copy of this resolution to the Governor's office, all members of the Wisconsin State Senate and Assembly representing districts within Oneida County.
