

RESOLUTION # 26-2024

**Resolution to Request Coronavirus Local Fiscal Recovery Fund (CLFRF) allocated to Oneida County through the American Rescue Plan Act (ARPA) for the Purpose of Replace MDCs**

Resolution approved for presentation to the Oneida County Board by the Supervisors of the Administration Committee

Resolved by the Board of Supervisors of Oneida County, Wisconsin:

**WHEREAS**, The American Rescue Plan Act (ARPA) amends Title VI of the Social Security Act by adding Sections 602 and 603 establishing the Coronavirus Local Fiscal Recovery Fund (CLFRF); and

**WHEREAS**, Oneida County receives funds through CLFRF to assist the County in responding to the public health emergency or its negative economic impacts; to provide premium pay to eligible workers; to make necessary investments in infrastructure; and/or to provide government services; and

**WHEREAS**, certain restrictions of the use of these funds are determined by the United States Treasury (UST) Department including the prohibition of depositing the funds into any pension fund; directly or indirectly offsetting tax revenue; and does limit the amount of CLFRF funding to be used for "government services" to a not-to-exceed revenue reduction cap; and

**WHEREAS**, the County Board adopted an Oneida County Relief Funding Plan in conjunction with the 2024 budget which includes projects or programs to resolves long-term, pressing issues; and / or addresses serious health and public safety risks; and / or has a wide spread impact; and / or addresses a financial burden on the County; and / or has well-defined ancillary benefits; and

**WHEREAS**, only those projects or programs which are "shovel-ready" or set to commence, if funded, upon approval of this Resolution are entertained at this stage to ensure UST requirements of funding obligation no later than December 31, 2024 and fully expended by December 31, 2026; and

**WHEREAS**, The Replacement of MDCs is included in the County's Relief Funding Plan incorporated into the 2024 budget; and, based on UST guidance should be funding under the Infrastructure; category, and

**WHEREAS**, the amount of \$153,545.00 replaces all 35 MDCs in all the patrol vehicles, the docking stations, vehicle mounts and maintenance. Once ordered installs can begin by late March or early April. These devices allow our patrol officers to interact with dispatch, New World, live camera functions of the vehicles. The devices have a removable tablet portion that can be used to document and photograph incident scenes. This allows the officers to react in real time to all incidents and are vital in collecting evidence and

**Please provide a detailed explanation of the project including estimated timeline. If applicable attach bid or proposal to this form.**

Our current MDCs in the patrol vehicles are nearing end of life. This project replaces all 35 MDCs in all the patrol vehicles, the docking stations, vehicle mounts and maintenance. Once approved we can get the devices ordered and begin installs by late March or early April. These devices allow our patrol officers to interact with dispatch, New World, live camera functions of the vehicles. They have a removable tablet portion that can be used to document and photograph incident scenes. This allows the officers to react in real time to all incidents and are vital in collecting evidence.

**Describe how this project resolves long-term, pressing issue; addresses serious health/public safety risk; has a widespread impact; addresses financial burden on County; and / or has well-defined ancillary benefits.**

Approving this project will allow the replacement of all MDCs for all Sheriff Vehicles allowing for the assignment of a device to each officer. Allowing them to use the device in any equipped vehicle and as a desktop. Each officer will be assigned and MDC that device will travel with that officer from vehicle to vehicle or desktop to desktop. If repairs are needed the officer will turn it over to the IT department and they will issue the office a replacement while their MDC is being worked on. We have gotten very good mileage from this brand and model of purchased MDCs and expect to be able to get 5 to 7 years of work from them before needing to replace them again. The new configuration will allow the officers to use the device as a laptop, desktop or a tablet. Easily allowing them to take pictures of accident scenes and other scenarios.
