**County mapping policy for Town Ordinances pertaining to sex offenders residency restrictions.**

Oneida County created a committee to comply with WI Statute Chapter 980 regarding persons who are released under the sexually violent person law. Towns are beginning to adopt standalone residency ordinances for many other sex offenders and have requested County LIO to create buffers, etc. using GIS mapping to determine areas where offenders would not be permitted to reside in their Town. Romportl expressed reservations about the amount of staff time that could potentially be consumed in providing such mapping services and the potential liability. LIO has created the “Data & Map Agreement, Request, Disclaimer for Sex Offender Residency Mapping” and the criteria to fill mapping requests from the Towns. Corporation Counsel reviewed and approved the request form. Committee reviewed and discussed the criteria and felt it was a good idea to approve the form.

Motion/Liebert/Timmons to approve policy as presented. All Ayes.
